

Scotland-Russia Forum News Items for LANGS 10 Nov 2017 (Jenny Carr)

1. **15 Sept: SRF held a schools workshop at Glasgow University called “Look East”** in partnership with the Russian, Polish, Hungarian and Czech lecturers at Glasgow University and with the support of Glasgow City Council Education Dept. Many thanks to them, to SCILT and to neighbouring authorities for publicising the workshop among schools. Teachers from 12 schools (5 secondary, 7 primary) attended with other education professionals and there was a lot of enthusiasm for introducing Russian as a Languages for Life and Work subject among the secondary teachers and for a variety of clubs and other classes in the primaries.
Follow up:
 - I will shortly be writing to participants to ask about outcomes
 - I have added Russian, Polish and Czech materials to the “For Learners” section of our website. Hungarian and Croat to follow. Also Ukrainian I hope.
<https://www.scotlandrussiaforum.org/learn.html>
 - I hope to run similar, but even better, workshops in the future, starting with Edinburgh.

2. **Article on Russian in Scottish schools and universities** in the October issue of Cable Magazine - <https://www.cablemagazine.scot/one-hundred-years-of-russian-what-next/>
