

Parlons français

A competition for students of AH French

Our competition is now been running for more than ten years and is going from strength to strength.

It's easy to take part.

"It must be the easiest competition ever to take part in!" That's a quote and it's true!

All we need is a short recording of students as they prepare for their speaking test. We will assess it and give everyone some feedback. We also award prizes and certificates.

We hope that taking part supports your pupils' learning and exam preparation and is not a distraction. They are practising anyway – why not let them get some feedback on that?

As in previous years we will have prizes for the three best entries, a certificate for every entrant and a gift for each school taking part too. Last year all schools were given a DVD of a French film.

How do we enter?

Where to send

Just send in a labelled digital recording of a pupil practice assessment.

Send it by email if you can to

gerrytoner59@gmail.com

If you have any difficulty we can arrange for you to post the recordings in Dropbox.

What to send

Entries for the competition should be based either on the student's Performance (talking) Assessment or on their preparation for that assessment. Entries consist of a digital audio/video recording of part of the assessment or a preparation session. Digital entries are so much easier now and you could even try letting students use their own mobile phone. The entry can be from 2 to 5 minutes long and will consist of either

- A formal presentation on a suitable topic (likely to be shorter)
- or**
- A discussion with their teacher in which the teacher input consists only of very short prompts, questions or responses (which could result in a longer response).

Judging

The entries will be assessed by a panel including experienced SQA assessors and members of AMOPA – Écosse. The panel will include native speakers. Entries will be awarded a graded certificate and an overall winner, runner-up and third-place winner will be selected. Each of these will receive a prize to be awarded at a suitable time in school.

All students will be given feedback. The deadline for entries is February 15th 2020. Feedback will be sent promptly to schools. Prizewinners will be announced in early March.

The rules

- Entries will be sent in by the class teacher who will ensure that the recording was made in exam conditions.
- All entries must be labelled with the entrant's name and school.
- Entries are digital audio/video in a suitable format.
- Entries can be from 2 to 5 minutes long.
- Deadline for entries is 15 February 2020
- Entries will not be returned
