

RZSS China Mobile Library & outreach

China Mobile Library

The China Mobile Library is a set of resources called 'panda packs' with associated expert visits. The expert visits can either be an introduction to the resources or for revision after use. The panda packs are available to download, print and cut-out at beyondthepanda.org.uk (*click on the China Mobile Library section*). However, a free card quality pack is provided with your expert visit. The expert is the RZSS Language Project Coordinator and will bring different games and resources along with skulls, bamboo and models to enhance the learning. The visits and packs mix learning science with the Mandarin language. Expert visits are for 1 hour with a maximum class size of 30 pupils. There are P1-P3 and P4-P7 levels.

Chinese Endangered Species

This outreach session is available for P1-P3 and P4-P7 levels. The lower primary session is a mixture of whole class interactive activities and workstations looking at different Chinese animals and their habitats. Includes Mandarin language games. The upper primary session is also a mixture of whole class interactive activities and workstations looking at habitats, threats and solutions. Threats covered are habitat loss, pollution, over-hunting and climate change. Includes investigation of skulls and Mandarin language games. Outreach is 1 hour with a maximum class size of 30 pupils.

Both the above are free and availability is all year round but on a first come, first served basis. Booking well in advance is advised.

To book either of the above, email srobb@rzss.org.uk with the following details:

- Contact name, email and phone number
- School name, address and local authority
- List choice of panda packs with expert visits or Chinese Endangered Species
- How many classes and which level – e.g. 4 x sessions for P1-P3; 6 x sessions for P4-P7 ...
- Preferred dates – please provide some options and please note it is best to book well in advance.
