

Hallowe'en Invitation

Task

Make an invitation to a Hallowe'en party in German.

You have been given a vocabulary sheet and a help sheet showing what kind of information you should include in your invitation.

You can also use words and phrases from the short story about Oskar.

You must include the following information:

- When your party is taking place (day of week and date)
- Where the party is (e.g. in your house, in a castle, in a swimming pool)
- What time the party starts
- What kind of music you will have
- What your guests will have to eat and drink

You can add any other information you wish (e.g. who is going to be at the party – family members or famous people)

Try to add some Halloween drawings
